

Kirton Primary School Summer Term 2023 - Sports News

As ever, the end of the summer term was extremely busy with all our sporting events and sports days - all of which contributed to a fabulous finale to the school year.

Tennis Development Day

Ten Y4 children took part in the Tennis Development Day at Boston Tennis Club alongside other schools.

Great sportsmanship was shown as everyone learned about the sport and took part in a range of tennis activities. The children showed great interest in the sport. Well done to the children who took part.

Mini Tennis Tournament

Four Y4 children took part in the Mini Tennis Rd Tournament at Boston Tennis Club against a large number of other local schools.

All four children were amazing in every tennis match they played, showing great skills with the racket, ball control and great sportsmanship. They complimented good shots from their opponents and congratulated them at the end with a handshake whether they won or lost.

We achieved third place in the tournament, which is an incredible achievement against some very talented opponents from other schools.

A fantastic effort and a big well done to all four players!

Y5 Dynamo Cricket Tournament

A team of enthusiastic children took a trip to Boston Cricket Club to partake in a Y5 Dynamo Cricket Tournament. Competition

for a space on the team was intense. It was such a hard decision on who to take.

With the unpredictable British weather holding true-to-form, one day before the event and there was a torrential downpour. Luckily, on competition day, the sun shone, the wind eased, and all was good!

Kirton managed to get through to the semi-finals, after some truly wonderful games, but lost a close-fought match by just a few runs. This secured the team fourth place. Competition, this year, was the toughest it has been in a while so the whole team deserves credit.

Tri-Golf at Boston Golf Club

At Boston Golf Club, ten Y4 children took part in the Tri-Golf event. Our children competed against nine other local schools.

After an excellent display of sports' skill and effort, our children came third and earned bronze medals and certificates!

A Visit from Boston United Football Club

Kirton Primary School received some visitors from Boston United Football Club to share the story of the football club's success in the league.

The overriding message the children took away was: determination is a great thing to have, never give up and stay positive.

Boston United had to win three away games in the play-offs to secure promotion to the higher league (one they hadn't been in for 14 years). These games were scrappy, tight and dramatic; two went to penalty shoot outs! The children loved hearing the stories and having their picture taken with the actual league cup.

Kirton Primary School works closely with the BUFC community team all year round and we wish the football team all the best for the new season in an even more challenging league.
